

Instructions for Lassen County Air Pollution Control District

Permit Application Form

Please Note: No person shall knowingly make any false statement in any application for a permit, or in any information, analysis, plans or specifications submitted in conjunction with the application or at the request of the Air Pollution Control Officer (APCO). Any applicant who fails to submit any relevant facts or who has submitted incorrect information in the Permit Application Form shall upon becoming aware of such failure or incorrect submittal, promptly submit such supplementary factors or corrected information to the APCO. The APCO may request additional information, as needed, to supplement the Permit Application form. If sufficient space is not available in the form, please attach additional information.

- A. **Estimated Construction Schedule:** Please enter the start date and the approximate finish date.
- B. **Operation and Ownership:** The purpose of this section is to provide required information to identify the organization/facility name, address, and appropriate project contact to be used for Authority-to-Construct or Permit-to-Operate applications. Please note that this information provided in this section of the form will appear exactly as indicated in the permit issued. In addition, please note that all permits and billing information will be sent to the first address listed in this section.
- 1 Fill in the legal name of the Business, Company, Individual Owner, or Governmental Agency. Fill in the location of the partnership, company, corporation or agency to be named on the permit. Identify the name and address of the contractor, consultant, or contact person if different from the person identified above for the organization.
 - 2 Fill in the legal name of the Business, Company, Individual Owner, or Governmental Agency. Fill in the location of the facility where the equipment is or is proposed to be installed. Identify the name and address of the contractor, consultant, or contact person.
 - 3 Fill in the legal name of the Business, Company, Individual Owner, or Governmental Agency. Fill in the location for this project. Identify the name and address of the contractor, consultant, or contact person for this project.
- C. **Reason for Application Submittal:** Please check the one box that best describes the permit action pursued in this application form. If there is not an appropriate box, please check "Other" and fill in a brief description. As indicated on the application form, please provide any related permit number(s) and expiration dates for the project if known.
- 1 Is this facility subject to Title V Permitting Requirements. For additional information see 40 CFR Part 70.
 - 2 Please indicate whether the proposed permit unit will be located within 1,000 feet from the outer boundary of a school site. For additional information, see Health and Safety Code Sections 42301.6(f).
 - 3 Please indicate if you are submitting data or information that is confidential or proprietary in nature.
 - 4 Please indicate if all stationary sources with emissions greater than 25 tons per year owned or operated by applicant in California are in compliance with all rules and regulations.
- D. **General Nature of Business or Agency:** Please provide a brief description of the general nature of the business or agency activity (e.g. auto body painting, gasoline storing & dispensing, grain elevator, sand & gravel operations, asphalt/concrete plant, oil production, oil refinery, etc).
- E. **District Specific Questions:** This section is provided for explanations of district specific questions.
- F. **Name of Responsible Party:** Indicate the responsible party to be billed for additional Air Pollution Control District staff time expended beyond the minimum permit application fee.

LASSEN COUNTYAIR POLLUTION CONTROL DISTRICT

66 N Lassen Street
Susanville, CA 96130
(530) 252-4247

Application Fee: \$56.75 plus Evaluation Fee

Permit Application Form

(Application must be typewritten or printed in ink. Please provide all pertinent information requested. Incomplete applications are not acceptable. Include all supplemental forms and applicable fees when submitting application.)

A. **Estimated Construction Schedule:** Start: _____ Finish: _____

Supplemental Application Form**

GASOLINE DISPENSING

This form must be accompanied by a completed Application for Authority to Construct and Permit to Operate form.

Permit to be issued to:	
Facility Owner/ Operator's Name:	Phone Number:
Current Permit to Operate number (if applicable):	

Instructions	
1	Complete a separate form for each tank and dispensing system which has a different type of Phase I or Phase II vapor recovery system with as much information as possible.
2	Attach a copy of the site plan showing underground fuel and vapor lines and location of dispenser islands. You may submit the drawings in electronic format.
Note: Information on Vapor Recovery Executive Orders is available online at: www.arb.ca.gov/vapor/vapor.htm	

Gasoline Storage Tanks and Nozzles			
Quantity of Tanks	Type of Tanks (Check One for Each Tank)	Capacity in Gallons (Indicate if Split Tank)	Type and Grade of Fuel
	☐ Underground ☐ Aboveground*		
	☐ Underground ☐ Aboveground*		
	☐ Underground ☐ Aboveground*		
	☐ Underground ☐ Aboveground*		
Total Number of Gasoline Dispensers:			
Total Number of Gasoline Fueling Points:		(Maximum number of vehicles which can be fueled at one time, normally two vehicles per dispenser)	
Total Number of Gasoline Dispensing Nozzles:		(Do not include Diesel)	
# Grades of Gasoline Dispensed per Nozzle:			
Total Number of Vapor Recovery Instruction Signs:		(Should be clearly readable from every fueling point)	
Maximum Facility Gasoline Throughput		Gallons per Month	Gallons per year
Facility Type		☐ Retail ☐ Non-Retail	
*For Aboveground Tanks (includes tanks in underground vaults)			
Manufacturer:			
CARB Executive Order Number:			

Phase I Vapor Recovery System				
Manufacturer:				
CARB Executive Order Number:		VR-		
For VR-101 and VR-102 indicate fill configuration		☐ Single Fill ☐ Double Fill		
The proposed piping configuration is found in page			Exhibit	of Executive Order
