IMPORTANT NOTICE – SEWER ORDINANCE AMENDMENT BACK FLOW VALVE.

On July 6, 2000, the Mayor and Council of the City of Warrenton passed the following amendment to the City’s Sewer Ordinance: “All sewer lines between the City’s sewer tap and any building shall be protected by a SEWER BACK FLOW PREVENTION VALVE. It is the FINANCIAL RESPONSIBILITY OF ALL CITY SEWER CUSTOMERS to install, per the city specification and maintain the back flow prevention device to protect the property against the backup of sewer into the buildings from the city’s sewer system. The city assumes no responsibility for incidents where the back flow prevention valve was not properly installed and/or maintained and did not protect the property.”
