Phone: _____ Email: _____

Permission is given to applicant to work in the Village of Corwin right of way for the following purpose: _____

Approximate Begin Date: _____ Approximate End Date: _____

Emergency _____ Non-Emergency _____

Replacement _____ New Construction _____ Repair _____

Work to be Performed By: _____

Bond Information: _____

Insurance Information: _____

Permit Expiration Date: _____

This permit is conditioned on the applicant's compliance with all engineering diagrams, maps, construction design documents and all other attachments. Applicant must furnish a reasonably accurate and specific description of the work to be performed and must be familiar with local ordinances as they apply to the work to be performed. Any questions about compliance must be directed to Village officials prior to start up.

Permits, tap in arrangements, inspections, hookups, zoning certificates, etc., will be the separate obligation of the applicant and are not included in this permit.

Upon request of the Clerk or the contact official, a Village representative will view the project site prior to start up. If necessary, maps or engineering documents may be requested by the Village of Corwin officials as well as a request for a personal appearance before the Village Council in the event of questions or concerns.

Applicant agrees to relocate all equipment and/or facilities installed under this permit and within the right-of-way in the event a roadway construction project, including roadway widening, traffic signal installation, traffic signal modification, bridge replacement or rehabilitation, or bridge widening project conducted by applicant makes such relocation necessary. Any and all utility relocation work shall be performed by applicant and/or applicant's agent and at the sole expense of the applicant unless otherwise provided by law.

Applicant agrees to repair or replace any infrastructure, landscaping, grass, sidewalks, roadways, drainage systems, structures or similar items in the event of damages whether negligently or intentionally caused. Applicant or the agent of the applicant who is performing the work must be suitably insured or bonded and must furnish proof of such prior to start up.

Approval or granting of this permit is not a verification, confirmation, or admission by the Village of Corwin or any employee of the Village of Corwin as to the location of the existing right-of-way and any easements. The Village of Corwin does not grant permission to move, disturb, or otherwise affect any other utility lines or communication lines that may be in the easement. Applicant is also fully responsible for any trespass or damages to privately held properties and agrees to hold the Village of Corwin harmless for any actions of applicant or applicant's agents and/or employees.

This permit does not supersede state or county regulations, environmental regulations, building restrictions and does not grant permission other than those specifically noted herein.

Applicant shall notify any residences or businesses that may be affected, prior to start up, of the nature of the work and whether restoration may be necessary.

Traffic shall be maintained at all times unless permission is granted by the proper authority to close the road.

Lights, signs, barricades and all other safety equipment shall be furnished by applicant including the employment of flagmen or watchmen, if necessary and whenever necessary. Applicant and/or its agents shall assume full responsibility and will hold the Village of Corwin harmless for any and all claims, including the costs of litigation for personal injuries or property damages that might be brought due to the applicant's and/or agent's activities while working under this permit.

Applicant shall notify the Village of Corwin upon completion of the project and shall cooperate if the Village of Corwin requests a final inspection.
