The City of Weatherford appreciates your interest in recycling. Our voluntary curbside recycling program allows Weatherford residents to conveniently recycle a large variety of household materials. The details of the voluntary program are as follows:

- Recycling will be collected on one of your regular collection days. It should be placed by the curb and removed from the curb in accordance with the same rules and regulations as your current twice a week bagged garbage collection service. Your actual collection day will be attached to your cart when it is delivered to your home. We accept glass, paper, cardboard (all types), tin, aluminum and plastic containers (1-7). We do not accept food contaminated containers, tires, motor oil, garden hoses, or any other material not mentioned above.
- here is a non-refundable one-time cart fee of \$10.00 plus sales tax. If the cart is lost, damaged or stolen, you will be charged another \$10.00 cart fee plus sales tax.
- Participants agree to participate in the program for an initial period of 12 months.
- On the 13th month, customers may cancel their service at any time. While participating in the program, customers will be billed \$9.50 per month plus sales tax on their regular utility bill.
- Participants agree to store their recycling carts in a location that is not visible from the public street.

By signing this application for voluntary curbside recycling collection service, you agree to abide by the terms and conditions of this program. Recycling containers are the property of the City of Weatherford and must be returned upon termination of service. Lost, stolen or damaged recycling containers will be charged the actual replacement cost of the cart, or \$10.00 plus sales tax whichever is less. Placing non-acceptable materials or items contaminated with food, increases the City's cost to provide the program. The City reserves the right to discontinue providing recycling services to those who do not comply with the rules of the recycling program.
