2			
3			
4			
5			
6			
7			

DBH stands for Diameter at Breast Height and is a standard method of measuring the diameter of a tree trunk. It is measured at a height of 4.5 feet (1.37 meters) above the ground.

- Permit application does not constitute approval; do not schedule tree removal until a permit has been approved by the Borough.
- A copy of the applicant's property survey (preferred) or a hand drawn map with the trees to be removed clearly located is required for this application to be considered.

- The submittal of a tree replacement plan may be required and is indicated below.
- No substitutions of replacement tree varieties permitted without prior Borough written approval.
- Approved permits are valid for twelve (12) months, beginning on the authorization date written below.
- ***The fee for processing this permit is \$30; for applications of six (6) or more trees, then the cost is \$10 per tree. SEPARATE CHECKS FOR FEE IN LIEU OF PLANTING.***
- For a subdivision or major site plan development application, the fee to be charged will be determined by the above formula or at a fee of \$1,560 per acre, whichever is greater.
- Have the tree(s) been marked with spray paint or tape?
