TOWN OF CARMEL SITE PLAN APPLICATION INSTRUCTIONS

The Town of Carmel Planning Board meetings are held twice a month, on the second **Thursday** and fourth **Wednesday**, at 7:00 PM at Carmel Town Hall, 60 McAlpin Avenue, Carmel

The submission deadline is 10 days prior to the Planning Board meeting. New site plan applications that have been deemed complete will be placed on the agenda in the order they are received.

No application will be placed on the agenda that is incomplete

Pre-Submission:

Prior to the formal submission of the site plan, a pre-submission conference may be requested by the applicant to be conducted with representatives from the Town, which may include the Town Planner, Town Engineer, Director of Code Enforcement and/or the Planning Board Attorney. This conference will serve to educate the applicant on the process he/she must follow, clarify the information required to submit a complete site plan application, and to highlight any specific areas of concern. You may arrange a pre-submission conference through the Planning Board Secretary at (845) 628-1500 extension 190.

Submission Requirements:

At least 10 days prior to the Planning Board meeting, the site plan application shall be submitted to the Planning Board Secretary as follows:

All site plans shall be signed, sealed and folded with the title box legible. The application package shall include:

- ☐ 5 copies of the Site Plan Application Form, signed and notarized.
- ☐ 5 copies of the SEQR Environmental Assessment Form (use of short form or long form shall be determined at pre-submission conference).
- ☐ 5 full size sets of the Site Plan (including floor plans and elevations)
- ☐ 1 CD (in pdf. format) containing an electronic version of the Site Plan
- ☐ 2 copies of the Disclosure Statement
- ☐ 5 copies of the Site Plan Completeness Certification Form
- ☐ All supplemental studies, reports, plans and renderings.
- ☐ 2 copies of the current deed.
- ☐ 2 copies of all easements, covenants and restrictions.
- ☐ The appropriate fee, determined from the attached fee schedule. Make checks payable to the *Town of Carmel*.

TOWN OF CARMEL SITE PLAN APPLICATION INSTRUCTIONS

Planning Board

Applications determined to be incomplete with respect to §156-61 B of the Town of Carmel Zoning Ordinance, **will not be placed on the Planning Board agenda**. No site plan will be considered for approval without first being certified as complete.

Site Plan Components:

Site plans shall be prepared in conformance with §156-61B of the Town of Carmel Zoning Ordinance, and unless specifically waived during the pre-submission conference, shall include the following:

1. The name and title of the person preparing the map.
2. The name of the applicant and the owner, if different from applicant.
3. The date, scale and North point.
4. The Tax Map, block and lot number and zoning district in which property is located.
5. All existing property lines and the name of the owner of each property within a radius of 500 feet.
6. Topographical information, contour lines at not larger than two-foot intervals and grades of all roads, driveways and sanitary and storm sewers.
7. The location of all existing water bodies, streams, watercourses, wetlands areas, wooded areas, easements, rights-of-way, streets, roads, highways, freeways, railroads, buildings, structures or any other feature directly on the property or beyond the property if such feature has an effect upon the use of said property.
8. The location of all existing and proposed easements.
9. The location of all existing and proposed structures, showing the ground area covered or to be covered by said structures, including all setback dimensions, and identifying their use. All existing and proposed structures shall be illustrated by accompanying floor plans and by front, rear and side elevation sketches drawn to scale. The proposed use of the site shall be indicated. Where applicable, the areas proposed to be used for outdoor selling, display or storage shall be shown. In the case of those sites for which the proposed use is dwelling units, the total number of dwelling units to be shown on the site plan shall not exceed the number as determined in accordance with the following formula: The total acreage of the areas shown on the environmental constraints map shall be subtracted from the total acreage of the parcel being developed. The remaining acreage shall be further reduced by a number equal to 10% of the total acreage of the parcel being developed to allow for roads and utilities. The resulting acreage shall then be divided by the minimum lot area for the zoning district in which the parcel is located to arrive at the total number of dwelling units that will be deemed buildable.
10. The proposed on-site circulation system, access and egress ways and service roads, if applicable, showing the method(s) of providing automotive and pedestrian safety, convenience, access and egress in case of fire or catastrophe and the location, design and treatment of proposed entrances and exits to public rights-of-way, including any possible use of traffic signals, channelization,

TOWN OF CARMEL SITE PLAN APPLICATION INSTRUCTIONS

acceleration and deceleration lanes, marginal roads, additional widths and any other traffic engineering analysis.

11. The location, design and proposed treatment of sidewalks, paths or other means of pedestrian circulation.
12. On-site parking and loading spaces and aisles drawn to the dimensions as contained in the definitions of this chapter
13. The location, height and type of exterior lighting facilities proposed.
14. Signs, if any, according to the accompanying regulations on signs and proposed exterior lighting, with reference to elimination of glare and the ensurance of traffic safety, economic effect and compatibility and harmony with properties in the district.
15. An estimate of the number of employees who will be using the site on a full- or part-time basis, if applicable, and, if a nonresidential principal use, a description of the operation, including a description of the types of products to be sold, the type of machinery and equipment to be used, if any, and sufficient information to enable the Planning Board to determine the impact which such nonresidential activity may have on adjacent properties.
16. The location and identification of proposed clubhouses, swimming pools, open spaces, parks or other communal recreational areas and the identification of the persons or entities responsible for their installation and maintenance and users other than residents or their guests.
17. The location and design of buffer areas, screening devices or other landscaping, including preliminary grading for analysis of drainage water management. A comprehensive landscaping plan shall be provided in accordance with the Town of Carmel Tree Conservation Law,^[1] showing schematically the proposed location of trees, shrubs, grass area or other planting and identifying the types and size of trees and plants. Existing trees or wooded areas to be retained shall be so identified.
18. Identification of the type and location of public and private utilities and services, such as water, sewage disposal, etc., including their maintenance facilities, also, identification of the system to be used for storage and removal of trash and garbage.
19. Any other information required by the Planning Board which is reasonably necessary to ascertain compliance with the provisions of this chapter.
20. For any area that will be developed in stages, a total development plan must be submitted to the Planning Board in accordance with this section.
21. In conformance with the New York State Environmental Quality Review Act, the Planning Board shall require an environmental review and an impact statement, if deemed necessary. (See Part 617 SEQ.R.)
22. A list, certified by the Town Assessor, of all property owners within 500 feet of all boundaries of the site.
23. A stormwater pollution prevention plan consistent with the requirements of Article X of this chapter and applicable New York State Department of Environmental Conservation (NYSDEC) and New York City Department of Environmental Protection (NYCDEP) shall be required for site plan approval. The SWPPP shall meet the performance and design criteria and standards in Article X of this chapter and applicable NYSDEC and NYCDEP design criteria.
