City, State _____

Zip Code _____

80-_____-_____-_____-_____

Parcel ID Number

Zoning District _____

Lot Diagram (required):

Attach a scaled plot plan: Drawings may be 8 ½" x 11" paper. Show the following:

1. The actual shape, location and dimensions of the lot in feet.
2. Size and location of the hives
3. The distance between the lot lines, structures, and the beehives
4. Streets must be labeled, please include a north arrow.

The zoning administrator may require additional information concerning the lot or adjoining lots essential for determining whether the provisions of this Ordinance are being observed.

- Hives may be in the rear yard only
- No more than 2 hives on site
- Hive may be no larger than 20 cubic feet in size
- A flyway barrier is required if the hive is closer than 25ft to the property line
- Hives may be no closer than 10 feet to the property line
- Hives may be no closer than 40 feet to an adjacent neighbor's house

NOTE: The Village may require a hive to be no closer than 100 ft to a sensitive site. This will be determined through this application process.

Fee: \$50

Certification

I certify that all statements made above and in attached documents submitted to the Village of Paw Paw related to this application are true and accurate to the best of my knowledge and that if found to be in error, any decision of the Village based upon the contents of this application may be void.

I understand that any zoning permit granted does not exempt the applicant from complying with any state law, county or local ordinance or building codes. Applicant must confirm that construction does not extend into any public or private easements located on said property nor shall construction impede the natural flow of water nor cause excess water flow onto the adjacent properties.
