

City of Colton
Public Services Department – Engineering Division

OPTIONAL LOT MERGER APPLICATION FORM

Processing fee: \$500.00 (Resolution #R-129-94)

Documents to be completed by a Registered Land Surveyor or a Registered Civil Engineer duly authorized to practice Land Surveying in the State of California.

Exhibit A shall include:

- The name, address, and telephone number of the applicant and the person preparing this document.
- The official file number of the City of Colton.
- The legal description of the property before and after the Lot Merger. If the descriptions do not fit in the space allotted they can be attached as additional exhibits.
- The signature and seal of the preparer.

Exhibit B shall include:

- An ownership statement including the signatures of any of the property owners affected by this lot Merger.
- A notary acknowledgment witnessing those signatures.
- A certificate indicating review and approval by the City Engineer.

Exhibit C shall be a scaled drawing of the affected property which shall show:

- The existing lot lines.
- The proposed lot lines of the new lot configuration created by this merger.
- Existing structures, driveways, utility service lines (Water, sewer, gas, electric, telephone, cable, etc.) and their relationship to the adjoining properties.

OPTIONAL LOT MERGER

EXHIBIT C

EXCERPT FROM THE SUBDIVISION MAP ACT

SECTION 66436

66436. Record title interest signatures required; exceptions; notary seal not required

(a) A statement, signed and acknowledged by all parties having any record title interest in the subdivided real property, consenting to the preparation and recordation of the final map is required, except in the following circumstances:

(1) A lien for state, county, municipal, or local taxes or special assessments, a trust interest under bond indentures, or mechanics' liens do not constitute a record title interest in land for the purpose of this chapter or any local ordinance.

(2) The signature of either the holder of beneficial interests under trust deeds or the trustee under the trust deeds, but not both, may be omitted. The signature of either shall constitute a full and complete subordination of the lien of the deed of trust to the map and any interest created by the map.

(3) Signatures of parties owning the following types of interests may be omitted if their names and the nature of their respective interests are stated on the final map:

(A) (i) Rights-of-way, easements or other interests which cannot ripen into a fee, except those owned by a public entity, public utility or subsidiary of a public utility for conveyance to the public utility for rights-of-way. If, however, the legislative body or advisory agency determines that division and development of the property in the manner set forth on the approved or conditionally approved tentative map will not unreasonably interfere with the free and complete exercise of the public entity or public utility may be omitted. Where that determination is made, the subdivider shall send, by certified mail, a sketch of the proposed final map, together with a copy of this section, to any public entity or public utility which has previously acquired a right-of-way or easement.

(ii) If the public entity or utility objects to either recording the final map without its signature or the determination of the legislative body or advisory agency that the division and development of the property will not unreasonably interfere with the full and complete exercise of its right-of-way or easement, it shall notify the subdivider and the legislative body or advisory agency within 30 days after receipt of the materials from the subdivider.

(iii) If the public entity or utility objects to recording the final map without its signature, the public entity or utility so objecting may affix its signature to the final map within 30 days of filing its objection with the legislative body or advisory agency.

(iv) If the public entity or utility either does not file an objection with the legislative body or advisory agency or fails to affix its signature within 30 days of filing its objection to recording the map without its signature, the local agency may record the final map without the signature.

(v) If the public entity or utility files an objection to the determination of the legislative body or advisory agency finds, following the hearing, that the development and division will in fact unreasonably interfere with the free and complete exercise of the objector's right-of-way or easement, it shall set forth those conditions whereby the unreasonable interference will be eliminated and upon compliance with those conditions by the subdivider, the final map may be recorded with or without the signature of the objector. If the legislative body or advisory agency finds that the development and division will in fact not unreasonably
