3). Company Name: _____

a). Phone Number: _____

b). Name of Person: _____

D). Other

4). Company Name: _____

a). Phone Number: _____

b). Name of Person: _____

After filling out required information, bring this to the Village Hall, before work begins. A building permit may be required.

The building inspector will conduct inspections through-out the completion of the work. The inspections listed on the back are mandatory, and must be approved before permanent power can be turned on. Temporary power (if needed) can be arranged with a temporary pole installation on site (temporary pole requirements per electrical company).

After all inspections have been completed, the homeowner may apply for an Occupancy Permit. Please refer to the "Occupancy Inspection for Manufactured Homes" brochure, available at the Village Hall, for specific requirements.
