### **Conditional Gas Meter Agreement**

The undersigned hereby request conditional gas service for the building under construction at:

Project Address \_\_\_\_\_

Project Description \_\_\_\_\_ Permit Number \_\_\_\_\_

As a condition of approval for this request, we hereby understand and agree that the building will **NOT BE OCCUPIED FOR ANY REASON**, other than by construction personnel, prior to Final Inspection approval and authorization to occupy by the City of Pismo Beach.

I understand that processing of this request requires payment of a fee to the City and an inspection by the City to confirm that minimum building safety components of the project have been completed or otherwise satisfied. Building safety components include electrical, gas piping, and fire sprinkler systems. After payment of the required fee, the contractor shall schedule a "Gas Meter Inspection" by calling the inspection request line. Corrections may be required prior to City authorization to the Gas Company to install the meter. I understand that this inspection does not constitute Final Inspection required at project completion and that corrections may be required when the Final Inspection is conducted.

I further understand and agree that the City of Pismo Beach reserves the right to cause the gas service to be disconnected if any violation of City codes or ordinances is not corrected on demand or if any portion of the building is occupied prior to approval. It is fully understood and agreed that such gas service disconnection may occur without prior notice of any kind.

I agree to hold the City of Pismo Beach and any or all of its employees and representatives completely harmless and free of responsibility for any charges, losses or damages that occur due to service being disconnected for violations of this agreement.

I, the undersigned, hereby certify that I am the legal owner of the project and acknowledge that I have read this agreement and understand and agree to all conditions herein.
