The Undersigned agrees to be bound to and comply with the Village of Weedsport Zoning Law and other local laws. The Undersigned further agrees any approvals issued by the Village shall not constitute a waiver of said compliance with the Village of Weedsport Zoning Law and other local laws. The Undersigned authorizes the party signed below as SITE DESIGNER to act as agent on this project, to fully research and understand the Village of Weedsport Zoning Law and other local laws and to create plans in full conformance with such, and to be responsible for investigating the need, and obtaining all permits or approvals that may be required. The Undersigned also agrees to allow the Village to place a sign in the right-of-way along this property in order to advertise a public hearing for the requested final plat approval; and will not interfere with or remove said signage.

The Undersigned agrees that all plans created by the undersigned or the undersigned agents or assigns shall be bound to and comply with the Village of Weedsport Zoning Law and other local laws. The Undersigned further agrees any approvals issued by the Village shall not constitute a waiver of said compliance with the Village of Weedsport Zoning Law and other local laws. The Undersigned hereby acknowledges the requirement to fully research and understand the Village of Weedsport Zoning Law and other local laws and to create plans in full accordance with such, and to be responsible for investigating the need, and obtaining all permits or approvals that may be required. The Undersigned hereby agrees to prominently note any applicable exceptions to the Village of Weedsport Zoning Law and other local laws on the drawings and to call said proposed deviations to the Village's attention if such deviations are to be implemented.

Major Subdivision Final Plat Review Checklist

Final Plat Maps must include all of the following:

- ☐ Proposed subdivision name or identifying title and the names of the Municipality and County in which the subdivision is located; the names and addresses of the owners of record and of the applicant; and the name, license number and seal of the New York State–licensed land surveyor. All sheets shall be clearly marked with the words “Final Subdivision Plat”.
- ☐ Road lines, pedestrian ways, lots, reservations, easements, and areas to be dedicated to public use.
- ☐ Data acceptable to the Code Enforcement Officer as sufficient to determine readily the location, bearing and length of every street line, lot line and boundary line and as sufficient to reproduce such lines upon the ground. Where applicable, these should be referenced to monuments included in the State Plane Coordinate System, and in any event should be tied to reference points previously established by a public authority.
- ☐ The length and bearing of all straight lines, radii, length of curves, central angles of curves, and tangent bearings shall be given for each street. All dimensions and angles of the lines of each lot shall also be given. All dimensions shall be shown in feet and decimals of a foot. The plat shall show the boundaries of the property, location, graphic scale, and true-north arrow.
- ☐ The plat shall also show by proper designation thereon all public open spaces for which deeds are included and those spaces whose title is reserved by the developer. For any of the latter there shall be submitted with the Final Subdivision Plat copies of agreements or other documents showing the manner in which such areas are to be maintained and the provisions made therefore.
- ☐ All offers of cession and covenants governing the maintenance of un-ceded open space shall bear the certificate of approval of the Village Attorney as to their legal sufficiency.
- ☐ Lots and blocks within a subdivision shall be numbered or lettered in alphabetical order in accordance with the prevailing Village practice.
- ☐ Permanent reference monuments shall be shown and shall be constructed in accordance with specifications of a licensed engineer or surveyor. When referred to the State Plane Coordinate System they shall also conform to the requirements of the State Department of Transportation. They shall be placed as required by the Village and their location noted and referred to upon the Final Plat.
- ☐ All lot corner markers shall be permanently located in a way satisfactory to a licensed engineer or surveyor.
- ☐ Pins, pipes or monuments of a type approved by the Village Board of Trustees shall be set at all corners and angle points of the boundaries of the original tract to be subdivided, and at all street intersections, angle points in street lines, points of curve, and such intermediate points as shall be required by a licensed engineer or surveyor.
- ☐ Construction drawings, including plans, profiles and typical cross-sections as required, showing the proposed location, size, and type of streets, sidewalks, street lighting standards, street trees, curbs, water mains, sanitary sewers and storm drains, pavements and sub-base, manholes, catch basins and other facilities.
