- **Proof of valid State of Texas Electrician License**
- **Photo ID**
- **Certificate of liability Insurance provided to the State of Texas showing liability limits required by the City of Pittsburg**
- **Annual registration is required**

Master Electricians are required by the City of Pittsburg Code of Ordinance, Chapter 3, and Building Regulations to register by any cooperation, co-partnership, association or individual that wishes to engage in the business of installing, maintaining, altering or repairing of any wiring, fixtures, or conducting of electricity for which an electrician permit is required.

All electricians must apply in person and fill out an application that will be supplied by the City of Pittsburg.

The approved registered applicants will be issued a letter of approval for the calendar year to engage in electrical work in the incorporated area of the city, subject to the City of Pittsburg Code of Ordinances and State Electrical Code for that calendar year.

The approved applicant will be furnished a registration card of identification and classification that shall be carried on person at all times while doing electrical work in the City of Pittsburg.

Incomplete applications will not be processed.
