STREET ENCROACHMENT PERMIT GENERAL CONDITIONS

1. All work performed under this permit shall be in accordance with current M.A.G. Uniform Standard Specifications and Details for Public Works Construction, modifications as adopted by the City, approved construction plans, special provisions, and other applicable City, County, State, or Federal regulations.
2. In the event any improvements hereby permitted interfere with the City's ability to maintain, reconstruct, improve, or relocate any street, road, drainage or utility appurtenances, the owner shall at **their** expense, remove, relocate, raise or lower such items within 60 days after proper notification by the City.
3. Permittee agrees to indemnify the City, its employees and agents against all damages which may arise out of work to be performed hereunder.
4. Violation of any provision of this permit may result in a Stop Work Order or the contractor not being issued future permits.
5. In the event that work done under authority of this permit creates any hazard or source of danger to the public, permittee shall provide and maintain sufficient barriers, signals, detours or other measures while such hazard exists. Road closures, detours, signs, barricades, use of flagmen, etc. shall all be in accordance with State and City adopted manuals and receive approval from the Public Works Director.
6. Public Works Department shall be notified 24 hours in advance of any construction activity covered by this permit. Work which has not received proper inspection can be subject to removal or rework.
7. Prior to final inspection and acceptance of the work, copies of applicable material test results shall be furnished. Any deviations from the approved plans shall be noted on as-built drawings.
8. If upon final inspection, any item fails to meet City approval, permittee shall immediately proceed to correct such defect as directed by the City.
9. All materials and workmanship shall be guaranteed for a period of 12 months after final acceptance. Notice of warranty repairs will be sent in writing from the Public Works Department to the owner. Repairs should be corrected promptly.

I understand the conditions of this permit and agree that work must be done in conformity with applicable laws, plans and specifications. I warranty the construction to be free of defects in materials and workmanship for a period of one year following date of final acceptance.
