

Application for a Fence Building Permit

NAME

MAILING ADDRESS

PHYSICAL ADDRESS

PERMIT VALID FOR 90 DAYS FROM ABOVE DATE – DEPOSIT WILL BE FORFEITED IF WORK IS NOT COMPLETED!!!

Fence Requirements:

- a. Any back and side fence or construction thereof shall be made of wood, rock, masonry, 26-gauge steel, chain link, or composite material and shall not exceed eight feet (8') in height. The fence will also be constructed of new material only.
- b. Fences within twenty (20) feet of the point of intersection of two intersecting street right-of-way lines shall not be higher than three (3) feet above the established street grade. A fence is not to be any closer than fifteen (15) feet from the street curb, and is to painted to match or coordinate with the main residence.
- c. Back and side fences shall not protrude past the front of the residence. Fences shall not extend beyond existing property boundaries or alley easements. If an existing utility meter is inside the property lines, access to the meter or offsetting of the fence shall be required.
- d. Front yard fences must be constructed of chain link, and not exceed four feet (4') in height and fifteen (15) feet from the front curb.
- e. Any variance to this permit must be approved by the city code enforcement officer or the city council.
