Construction Waste Management Plan (CWMP)

Project Address: _____ **Building Permit #:** _____

Project Name (if applicable): _____

Project Description: _____

Contractors Name: _____ **Lic#** _____ **Telephone:** _____

Signature: _____ **Email:** _____

This construction waste management plan is hereby submitted to comply with Section 4.408.1 (residential) or 5.408.1 (nonresidential) of the 2013 California Green Building Standards Code. The purpose of this plan is to identify and outline the methods to be used as the minimum requirements for a construction waste management plan.

The method of waste tracking to be used on this project will be: (Check one box)

☐ **Recycling Facility (use this form)**

OR:

☐ **Volume** ☐ **Weight** ☐ **4 Lbs. per Sq. Ft.**

NOTE: If you checked any box other than "Recycling Facility" you must complete a CWMP worksheet in order to track your projects recycling and/or reuse (diversion) measures.

The facility (or facilities) where the construction waste material will be taken is:

Name of Facility: _____

County: _____

Every effort shall be made to use recycling and/or reuse (diversion) measures to reduce the amount of construction waste and other materials sent to landfills. Whenever possible, site-sorted debris boxes shall be used to segregate construction waste materials to maximize the diversion rate. Waste reduction and recycling strategies shall be discussed at periodic project meetings. Each new contractor that comes onto the site shall be provided with a copy of the CWMP, which shall also be posted in the project office. The project manager shall also instruct all subcontractors as to the location and proper use of debris boxes for disposal of construction waste materials. In the event that a subcontractor provides their own debris box or off haul, the project manager shall be responsible for providing verifiable documentation which demonstrates compliance with the waste management requirements of the California Green Building Code.

Upon completion of the project the Contractor shall provide verifiable documentation which demonstrates compliance with the waste management requirements of the California Green Building Code is provided to the Healdsburg Building Division.
