Project Address:		
Project Description:		

California Health and Safety Code Section 19827.5 requires that evidence of demolition notification submitted to SCAQMD be provided to the City of Yorba Linda Building Division prior to the issuance of any building permit including demolition work.

☐ Owner: I declare that I am the legal owner and permanent resident of the single unit family dwelling listed above. I am personally performing the renovation activities (not employing a contractor or laborer, and not being helped by friends, family or anyone else). (*rule 1403.j.9*) [AQMD Rule 1403](#) (page 25 and 26)

☐ I declare that the survey requirements of [subparagraph \(d\)\(1\)\(A\)](#) shall not apply to renovation activities of this residential single-unit dwelling because less than 100 square feet of surface area of asbestos containing material is being removed or stripped.

☐ Contractor: I declare that the building activities/demolition of the structure, which job address is listed above, may involve demolition or removal of asbestos material. Rule 1403 notification has been emailed to SCAQMD.
