This form must be completed and submitted to the City of Hesperia Building Division as early as possible once subcontractors or other businesses associated with the project are known by the builder, applicant, or developer.

A valid City of Hesperia Business License is required for each subcontractor or business performing work on this project. While the City encourages early submission, this form must be completed, submitted, and approved prior to final inspection.

Please note:

- The business license must remain valid through the completion of the project.
- Failure to submit and receive approval of this form prior to final inspection may result in delays in obtaining final project approval.
