DEMOLITION SPECIFICATIONS

To demolish a structure of any kind a **permit is required**. Contractors must be registered with the City to conduct business in the City of Streator.

All debris needs to be removed from adjoining sidewalks, streets, and alleys and any damaged sidewalks, streets or alleys are restore to an acceptable condition under the supervision of the Director of Public Works.

All bidders must be fully insured showing proof of insurance and providing a Certificate of Insurance for the City of Streator.

All public utilities must be notified by the contractor prior to demolition. These include: Illinois American Water (water), NICOR (gas), Commonwealth Edison (electric), Frontier (telephone), Mediacom (cable), and City of Streator (sewer).

All demolition work must be conducted in a manner that will properly safeguard the general public. Installation of protective fencing and barricades, as required by the City Building Inspector, must be installed and maintained to protect the general public.

The building(s) shall be completely demolished with the exterior foundation walls removed to a minimum of one foot (1') below finished grade.

On residential lots when house is removed and not replaced, all existing accessory buildings (garage, shed, etc.) must also be removed.

Debris from the building(s) shall be completely removed from the site. Proper disposal of all demolition material shall be the responsibility of the demolition contractor.

Existing basements shall be backfilled with clay fill. Alternate substitutes would be sand or back run gravel.

Any walls of adjacent buildings that become exterior wall as a result of the demolition work shall be repaired and sealed with an aggregate coating.

Existing sanitary service laterals shall be brought to one foot (1') above ground with 4 inch (4") pvc and capped.

Prior to demolition the applicant must file a Demolition/Renovation/Asbestos Project Notification Form (IL 532-1296) with the Illinois Environmental Protection Agency pursuant to Illinois Law.
