

# Application for Floodplain Development

City of Westworth Village – Permits Department: 817-710-2506  
311 Burton Hill Rd., Westworth Village, TX 76114

Name of Owner or Applicant: \_\_\_\_\_ Date: \_\_\_\_\_

Address of Owner: \_\_\_\_\_

Email: \_\_\_\_\_ Phone #: \_\_\_\_\_

Address of Legal Description of Permit Area: \_\_\_\_\_

Nearest Stream: \_\_\_\_\_

**Purpose of Request:**

|                                     |                                  |                                              |                                               |                                          |
|-------------------------------------|----------------------------------|----------------------------------------------|-----------------------------------------------|------------------------------------------|
| <input type="checkbox"/> Excavation | <input type="checkbox"/> Filling | <input type="checkbox"/> Dredging or Mining  | <input type="checkbox"/> Utility Construction | <input type="checkbox"/> Building Permit |
| <input type="checkbox"/> Grading    | <input type="checkbox"/> Paving  | <input type="checkbox"/> Drilling Operations | <input type="checkbox"/> Other: _____         |                                          |

## Brief Description of Proposal (Attach separate sheet if needed):

---

---

---

---

## Complete Applicable Questions:

1. Total drainage area of watercourse \_\_\_\_\_ acres.
  2. Regulatory flood elevation \_\_\_\_\_ ☐ Not Available
  3. Has site previously flooded? ☐ Yes ☐ No
  4. Is site subject to flooding? ☐ Yes ☐ No
  5. Is safe access available during times of flood? ☐ Yes ☐ No ☐ Unknown
  6. Is the proposal within the designated floodway? ☐ Yes ☐ No ☐ Unknown
  7. Have all necessary prior approval permits been obtained from federal, state, or local government? ☐ Yes ☐ No ☐ None Required
- If 7 is yes, provide copies of approvals or permits; if no, explain: \_\_\_\_\_

## Attach the following if applicable:

1. Two (2) sets scale drawings showing location, dimensions, elevations of existing and proposed topographic alterations, existing and proposed structures, and location relative to floodplain area.
2. Extent to which watercourse or natural drainage will be altered or relocated.
3. Supporting hydraulic calculations, reports, etc., used as a basis for proposed improvements.
4. Lowest floor elevation (including basement) of all proposed structures.
5. Elevation to which any non-residential structure shall be flood proofed.
6. Certification by registered professional engineer or architect that flood proofing criteria are met.

| During the occurrence of a 100-year frequency flood will the proposal:                                                                                                      | Yes                      | No                       | Information<br>Not Available |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|------------------------------|
| 1. Reduce capacity of channels/floodways/watercourse in floodplain area?                                                                                                    | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>     |
| 2. Measurably increase flood flows/heights/damage on off-site properties?                                                                                                   | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>     |
| 3. Individually or combined with other existing or anticipated development expose adjacent properties to adverse flood effects?                                             | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>     |
| 4. Increase velocities/volumes of flood waters sufficiently to create significant erosion of floodplain soils on subject property or adjacent property upstream/downstream? | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>     |
| 5. Encroach on floodway causing increase in flood levels?                                                                                                                   | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>     |
| 6. Provide compensatory storage for any measurable loss of flood storage capacity?                                                                                          | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>     |

## FLOODPLAIN DEVELOPMENT PERMIT

Westworth Village uses the same standards as the City of Fort Worth's Floodplain Permit Program and is required for all development taking place within the area of the 100-year floodplain (special flood hazard areas) as shown on the current Flood Insurance Rate Maps and Flood Boundary-Floodway Maps, published by the Federal Emergency Management Agency (FEMA).

Failure to obtain a Floodplain Development Permit or the conditions described within the permit is cause for all associated permits to be denied or revoked.

I further understand that this Floodplain Development Permit does not constitute final approval until all development requirements placed on the property have been met. This proposal shall be subject to any change in floodplain development policy at the actual time of development.

Application is hereby made for a permit to authorize the activities described herein. I hereby certify that I am familiar with the information contained on this application and to the best of my knowledge such information is true and accurate. I further certify that I possess the authority to undertake the proposed activity. I understand that if my application is denied, I have sixty (60) days from the date of such denial to appeal the adverse action.
