An issued permit becomes invalid if work does not begin within 180 days of issuance or if work is suspended or abandoned for 180 days after commencement. All permits require a final inspection. Permit and contractor registration fees are non-refundable.

I certify that I am the property owner or an authorized agent of the owner and that the information provided is true and correct. I agree to comply with all applicable laws and codes. I authorize the Code Official or their representative to enter areas covered by this permit at reasonable times for inspection and code enforcement.
Work started before a valid permit is issued is subject to a penalty fee equal to double the permit fee.
