Fencing no taller than 8'. Fence, gates, supports, etc. must be entirely on private property. A minimum five feet (5') wide by three feet (3') deep unobstructed area for the storage & placement of approved trash receptacles on private property must be provided parallel to & abutting an alley. The property owner is responsible for providing a larger unobstructed storage area adequate in size for the approved trash & recycling receptacles generated by the occupants of the property. The unobstructed storage area is required to be provided when a new permit is issued for the installation of a new fence, or for the repair of an existing fence.
