

GUIDE TO SMOKE DETECTOR AND CARBON MONOXIDE SELF CERTIFICATION

MINIMUM REQUIREMENTS

Project Address: _____

Permit Number: _____

Property Owner: _____

Licensed Contractor: _____ Lic #: _____

I, the undersigned, hereby certify that I am the permittee of the project. I further certify that smoke alarms and carbon monoxide alarms are present and tested to be functional in all the following locations:

California Residential Code (CRC) Section R314.1, CRC R315.2 states in part that existing dwellings be “retrofitted with smoke detectors and carbon monoxide detectors when a building permit is issued for, work or repairs to a building that is valued at \$1,000 or more.” CRC Section R314.3, CRC R315.3 defines required locations.

Both boxes below must be checked.

- ☐ Carbon Monoxide Alarm: On the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms or in each hallway outside of the rooms, and each level of the dwelling.
- ☐ Smoke Alarms: Installed in each room used for sleeping purposes, outside each sleeping area, and on each level of the dwelling unit.

Retrofitted detectors may be battery operated. Multiple-purpose alarms (Carbon monoxide and smoke alarms) shall comply with all applicable standards, and requirements for listing and approval by the State Fire Marshall.

Signature: _____ Date: _____

NOTE: This certification is only used for projects to the exterior of the structure where access to the interior of the dwelling by the City of La Palma Building Inspector is not achieved during the course of construction.
