BUSINESS EMERGENCY/NIGHT TELEPHONE NUMBERS

The New Cumberland Police Department is presently in the process of updating our list of emergency contact telephone numbers for local businesses. The telephone numbers are used to contact a representative of the business after normal business hours in the situation that the property is found to be insecure or in case some emergency should arise such as fire, burglary, flood or other crisis situation.

This list is kept on file so that if needed the owner, manager or other designated business employee may be contacted by a police dispatcher without unnecessary delay. It is recommended that persons on the list have a key to access the building in case emergency entry is required.

The telephone numbers that you provide are not accessible to the public and are restricted to the use of the Police Department and Radio Dispatchers.

We thank you for your cooperation in this matter and we sincerely hope that the numbers will never have to be used for their intended purpose. Please complete and return this form to the Police Department as soon as possible.

Business Name: _____

Business Address: _____

Business Telephone: _____ Business Hours: _____

Individual(s) to be contacted in order of preference:
