A large grid of graph paper, consisting of 30 columns and 40 rows of small squares, intended for drawing a site or plot plan. The grid is empty and occupies the majority of the page below the instructions.

Fence Permits

Note: The following is a brief guide for Fence Permits; please see the City of Davison Ordinances for additional fence requirements.

- A Building Permit must be obtained for fences. Posthole and Final Inspections are required.
- A property survey is required for new fences.
- Fences may be built on all lots of record in all Residential Districts. Fences in the side and rear yards shall not exceed six (6) feet in height, measured from grade. The fence height may be increased an additional six (6) inches for the purpose of providing an open space at the base of the fence for property maintenance.
- Fences shall be constructed within all property lines, except where a written agreement is submitted to the City that allows for a dual ownership of a fence so located on a common property line. Visual corner stakes must be present.
