

The following information and checklist are intended as a guide to help applicants and the Town's Planning Division determine if a Two Unit Development project is eligible for processing under Senate Bill 9 (SB 9). To be eligible for SB 9 processing, a project must meet ALL the following criteria 1 through 9 and conformance with SB 450.

ADDRESS: _____

APN: _____

1. **SINGLE-FAMILY RESIDENTIAL ZONING.** The project site must be classified as a single-family zoning district. Single-family zoning districts in the Town of San Anselmo include R-1, R-1-H, R-1-C, and SPD/R-1.
2. **NUMBER OF UNITS.** The project cannot result in more than two primary residential units on the parcel (if not previously split through an Urban Lot Split). Accessory Dwelling Units and Junior Accessory Dwelling units may be allowed in addition to the two primary residential units.
3. **DEMOLITION OF EXISTING HOUSING.** The proposed housing development would not require demolition or alteration of any of the following types of housing:
 - A. Housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income.
 - B. Housing that is subject to any form of rent or price control through a public entity's valid exercise of its police power.
 - C. Housing that has been occupied by a tenant in the last three years.
4. **HOUSING WITHDRAWN FROM RENT.** The proposed housing development is not a parcel on which an owner has exercised rights under the Ellis Act (California Government Code Chapter 12.75) within 15 years before the date that an application is submitted.
5. **CONSISTENT WITH OBJECTIVE STANDARDS.**¹ The project must meet all objective zoning and development standards for the R-1 Zoning District that is in effect at the time the

¹ "Objective zoning standards," "objective subdivision standards," and "objective design review standards" mean standards that involve no personal or subjective judgment by a public official and are uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official prior to submittal. These standards may be embodied in alternative objective land use specifications adopted by a local agency, and may include, but are not limited to, housing overlay zones, specific plans, inclusionary zoning ordinances, and density bonus ordinances.

application is submitted, unless the objective zoning and development standards would preclude the construction of up to two units or that would physically preclude either of the two units from being at least 800 square feet in floor area.

6. **PARKING.** At least one-off street parking space provided per unit, except no off-street parking is required when:
 - A. The parcel is located within one-half mile walking distance of either a high-quality transit corridor, defined as a bus route with 15-minute headways or ferry.
 - B. There is a car share vehicle located within one block of the parcel.
7. **HISTORIC DESIGNATION.** The site cannot be an historic landmark or be located within a designated preservation district. To determine if the parcel contains an historic landmark or is located within a preservation district, contact the Planning Department at planning@townofsananselmo.org or by phone at (415) 258-4600.
