In 2008, the Pennsylvania Legislature passed the Home Improvement Consumer Protection Act. The law requires that all contractors who perform at least \$5,000 worth of home improvements per year register with the Attorney General's Office.

Owner or Responsible Party must submit to CEA Code Enforcement Agency, a list of all known Contractors and Sub-Contractors who will be associated with the above application.

In addition, CEA Code Enforcement Agency will require a certificate or proof of Workman's Compensation for all workers outside sole proprietors, general liability certificate and certificate or proof of State of Pennsylvania Home Improvement Contractor registration prior to issuing any Building Permit.

Applicant's Certification

As the owner or the authorized agent for the project which this application is filed, I certify that:

1. The description of use, estimated construction coast and all others information provided as part of this application for a building permit is correct.
2. The building or structure described in this application will not be occupied until all known code violations are corrected and a Certificate of Occupancy has been received from the municipality.
3. This project will be constructed in accordance with the approved drawings and specifications (including any required non-design changes) and the Uniform Construction Code standards as specified in 34 PA Code Chapters 401-405.
4. Any changes to the approved documents will be filed with CEA Code Enforcement Agency.
5. If the licensed architect or engineer in responsible charge of this construction should change, written notice of the change will be provided to CEA Code Enforcement Agency.
6. No error or omission in either the drawings and specifications or application, whether approved or not, shall permit or relieve me from constructing the work in any manner other than provided for in 34 PA Code Chapters 401-405.

If signed by someone other than the construction owner, this work has been authorized by the owner of record and I have been authorized by the owner to complete this application on his behalf.

Construction documents shall contain a site plan that is drawn to scale. The building code official may waive or modify the following site plan requirements if the permit application is for an alteration or repair or if waiver or modification is warranted. Site plan requirements include all of the following:

- (1) The size and location of new construction and existing structures on the site.
- (2) Accurate boundary lines.
- (3) Distances from lot lines.
- (4) The established street grades and the proposed finished grades.

A building code official may waive or modify the submission of construction documents, that are not required to be prepared by a licensed architect or engineer, or other data if the nature of the work applied for does not require review of construction documents or other data to obtain compliance with the Uniform Construction Code.

A permit applicant shall submit an application to the building code official and attach construction documents, including plans and specifications, and information concerning special inspection and structural observation programs, Department of Transportation highway access permits, all other permits or approvals related to the construction required under § 403.102(n) (relating to municipalities electing to enforce the Uniform Construction Code) and other data required by the building code official with the permit application. The applicant shall submit three sets of documents when the Department conducts the review.
