

CITY OF AZUSA SB 1383 EXEMPTION & PERMIT TO SELF-HAUL APPLICATION FORM

SB 1383 mandates the recycling of organics waste. This means that all businesses and multi-family complexes must have an organics recycling program. Organics waste accepted in this program are: green waste, food waste, or food-soiled paper waste. SB 1383 allows certain exemptions based on the reasoning below. To apply for exemption, please submit this form promptly, and indicate the reason for your exemption clearly. You will be notified if your application is approved within 30 days of receipt of application form.

To submit, email this form to the Athens Services Organics Team at OrganicsRequest@athensservices.com, or return the form via mail to Athens Services at 5355 Irwindale Avenue, Irwindale, CA 91706.

1. Identify the type of material that you are claiming exemption from subscription to organics collection service (green waste, food waste, or food-soiled paper waste).

2. Identify the reason you are claiming for your exempt status (provide documentation to support your claim; note that all claims are subject to verification by City through site visits or other means):

Physical Space. Lack of adequate space at a multifamily complex or business to provide organic material recycling bins validated by City staff, hauler, licensed architect, or engineer. Documentation such as site plan and pictures must be submitted with this exemption request.

De Minimis. If business generates minimal organic waste and meet the following threshold:

Generates $\geq$ 2CY of waste weekly and $<$ 20 gallons of organics

Generates $<$ 2CY of waste weekly and $<$ 10 gallons of organics

Self-Hauler. Businesses or MF who wish to self-haul organics waste using own vehicles and employees to a high organic diversion facility or self-haul non-organics recyclable shall comply with the following:

- 1) Obtain pre-approval from the City to self-haul organics waste or non-organics recyclable materials. Pre-approval for landscapers hauling green waste is not required but business or HOA using them must provide a self-haul certification form (see #4).
- 2) Source-separate all organics waste generated on site and haul to a facility that processes or recovers source separated organics waste; OR haul organics waste to a permitted high diversion organics waste processing facility.
- 3) Source-separate all non-organics recyclable materials to a permitted recycling facility.
- 4) Provide a completed self-haul certification form and records of the amount of materials self-hauled to the City or its designee by July 1st for self-haul activities for the prior calendar year for final approval of exemption. The records shall include delivery receipts and weight tickets (in cubic yards or tons) from the facility accepting the materials. These records shall be subject to inspection by the City upon request.
- 5) Provide at least two photos of self-hauled materials.
- 6) List the type of recyclable materials and/or organics waste that you plan to self-haul and the facility/ties you plan to deliver them to:
Non-Organics Recyclable Materials: paper, cardboard, cans, glass bottles/jars, plastics labeled 1-7, others (specify)
Organics Waste: food waste and food-soiled paper waste, green waste, others (specify)

Material Type	Facility	Address

Note: Hiring a third-party hauler is a violation of the City's exclusive agreement with Athens Services and may be subject to fine and/or immediate revocation of exemption status.

By signing below, I agree to comply with the requirements of State Law as it applies to the material stream selected in Section 1 of this form and will participate in the recycling and organics material collection program if participation becomes possible and/or required in the future. I certify that the reasons for my exemption request as claimed above are complete and accurate.
