Dog License Application

License # _____

Check # _____ or Cash _____

Processed By: _____
(office use only)

If you own, keep, or harbor a dog of seven months or older for more than ten days, New Jersey State Law requires that you obtain a Dog License during the month of January. Licensing may help reunite you with your lost or missing pet. Your fee also supports programs that enhance the welfare of animals, including low cost spaying, neutering and rabies vaccination clinics.

New Jersey law **requires** that you supply the following with your application:

1.) PROOF OF CURRENT RABIES VACCINATION must be valid through October 1st. **You are required to re-submit your dog's rabies vaccination record every year.**

2.) PROOF OF ALTERATION (SPAYED OR NEUTERED) FROM VETERINARIAN OR CLINIC - **You are required to re-submit your dog's proof of alteration every year.**

Dog's Name: _____

DOG HEALTH AND SAFETY RULES

BOROUGH CODE

Dogs must be licensed each year (New Jersey State Law). Rabies vaccination must be current through October 1st of each year. Violators of the Borough Codes may be subject to a fine. All dogs, seven months of age or older must be licensed every year. An application is on the reverse side of this form.

All dogs must be leashed or confined to the owner's property. Dogs are not allowed in public buildings, restaurants, or stores (guide dogs excepted). Dogs may not damage, deface or deposit waste on the property of others or on public property. The "pooper-scooper" law is in effect. Dogs may not annoy neighbors by continuous barking or howling.

DOG PROBLEMS?

You may call The Glen Ridge Police Department at 973-748-5400 with a dog complaint.

PET WASTE

Clean and plentiful water is important to our families, our environment, our economy and our quality of life.

Did you know that animal waste from pets can pollute our waters? When left on the ground, pet waste is washed by rain and melting snow and ice into storm drains that carry it to our rivers, lakes, the ocean and drinking water. Animal waste contains a high concentration of nutrients as well as bacteria and disease-causing microorganisms that can cause problems.

Pet owners or anyone who takes your pet for walks must properly dispose of the waste by picking it up, wrapping it and either placing it in the trash or flushing it unwrapped down the toilet.
