PROJECT DESCRIPTION

Does the project include new landscaping or rehabilitating existing landscaping? If yes, indicate:

☐ Yes

☐ No

Total Square-feet (sf) of New Landscaping:

_____ sf

Total Square-feet (sf) of Rehabilitated Existing Landscaping:

_____ sf

Is the property located:

In the Ridgeline and Environmental Preservation Overlay District?

☐ Yes

☐ No

On a Severely sloped site? (average slope of 20% or greater)

☐ Yes

☐ No

ACKNOWLEDGEMENT

1. Failure to provide all pertinent data or providing poorly executed plans may delay the processing of an application.
2. City staff and either the Zoning Administrator or members of the Planning Commission may inspect the site of your proposed project. Access to your property is mandatory, but will be limited to the above mentioned planning agency personnel, as is regulated by the State's Planning and Zoning Law. You are not required to provide access to your property to the general public. Please make any necessary arrangements with staff regarding their access to your property.
3. Final decisions concerning discretionary permits are within the discretion of the Planning Commission or the Zoning Administrator, as appropriate. Statements made by staff to applicants concerning the merits of a proposed project are intended to guide and assist applicants. Likewise, statements made by individual Planning Commission members during hearings and in other contexts such as study sessions may be intended to guide and assist applicants. However, such comments do not bind either the Planning Commission as a whole or the Zoning Administrator and they may in fact be disregarded by the decisionmaker. The decision to approve, condition, or deny a proposed project is within the sole discretion of either the Planning Commission or the Zoning Administrator, based on the evidence presented at the hearing. The same is true for Council decisions on appeals.
4. Obtaining discretionary permit approvals from the Planning Commission and the Zoning Administrator does not guarantee that a project may be built according to the approved plans if engineering plans for the proposed project are not approved. It is the applicant's choice to proceed in the discretionary review process without first obtaining engineering approvals.
5. If a request for a discretionary permit is based on soils problems, adequate proof (i.e., soils reports) must be provided to the City Engineer before the Planning Commission hearing to enable the City Engineer to assess the validity of the claim, obtain peer review if necessary, and to present a report to the Planning Commission on the subject.
6. Where soil stability is a factor, the soils engineer will be required as part of the application process to verify that the soils report meets city standards for soils reports and at the end of construction to verify that the grading and construction was accomplished as shown in the approved plans.
7. Applicant agrees to defend, indemnify, release and hold harmless the City of Orinda, its agents, officers, attorneys, employees, departments, boards and commissions (hereafter collectively "City") from any claim, action or proceeding (hereafter collectively "proceeding") brought against the City to attack, set aside, void or annul the City's discretionary project approvals and/or any action relating to such project approvals, including actions taken to comply with the California Environmental Quality Act. This indemnification shall include, but not be limited to, any damages awarded against the City, the City's attorneys' fees and cost of suit, the cost of preparing the administrative record, any award of opposing counsel's attorneys' fees or costs of suit, and any other liabilities and expenses incurred in connection with such proceeding, whether incurred by the Applicant, the City, and/or the parties initiating or bringing such proceeding. Applicant acknowledges that the City may elect to retain its own counsel to represent it in such proceeding and agrees to reimburse the City for associated attorneys' fees and costs of suit. Applicant further agrees to indemnify the City for all costs, attorneys' fees, and damages, which the City incurs in enforcing this indemnification agreement. In the event any proceeding is brought, City shall promptly notify the Applicant of the proceeding, and City shall coordinate with Applicant regarding defense of the proceeding.

CITY OF ORINDA

Design Review (Commercial/Non-Residential)

22 Orinda Way, Orinda, CA 94563

(925)253-4210 ▪ orindaplanning@cityoforinda.org

Design review is to preserve and enhance the semi-rural character of Orinda, maintain property values, conserve and enhance the visual character of the community and protect the public health, safety and general welfare of its citizens.

Design review approval is required prior to an exterior change of any nonresidential building in the residential districts and any building in the following districts: RM, DC, DO, PS, PR, OS, PD and the SP districts, except for repair work and minor alterations as determined in the reasonable discretion of the Zoning Administrator. Changes which affect the exterior of a nonresidential building shall include proposed changes to signs and commercial brand identification materials, including but not limited to exterior color changes.

FEES

Application Fee (select one):	
• <u>Exterior Work Only*</u>	
Zoning Administrator review	\$753.00
Planning Commission review	\$1,508.00 +
• <u>Construction/Addition*</u>	\$5,291.00
Square-Footage Fee*	
• Exterior Work Only	\$1.90/sq. ft. +
• Construction/Addition 1,000sf or greater	\$53.90/100 sq. ft.
Mailing Fee	\$213.00
Public Works Department – Review Fee	\$2,204.00
Landscape Water Efficiency Checklist Review (if applicable)*	\$132.00
Soils Report Peer Review (if applicable)	\$3,600.00 (deposit) ¹
13% Surcharge fee [applied to all fees marked with an asterisk (*)]	\$

+ Subject to a maximum application and square-footage fee of \$12,098.00 for Planning Commission review.

¹A deposit reflects the average amount of time for a specific component of your application review. When you pay a deposit, an account will be set-up for the project that will be charged at the hourly rate for staff time. In some instances, complex project reviews may exceed the deposit amount, which would require the deposit to be replenished. Any deposit amount remaining at the end of the project will be refunded to the applicant.

SUBMITTAL REQUIREMENTS

How To Submit Your Application – Applications are only accepted electronically. Submit your complete application online at <https://www.cityoforinda.org/527/Application-Submittal>.

1. Planning Application Form

2. Plan Set

One PDF (electronic) set of plans. See the [Plan Set Checklist](#) for required plan set details.

3. Colors & Materials Board

An 8 ½"x11" Colors & Materials board, or colors and materials on the plan elevations, depicting the proposed paint colors and exterior materials. Please do not provide physical samples of the materials themselves (i.e. roof shingles, window casings, etc.) Applications for additions that use colors and materials to match the existing residence may include a notation on the plans in lieu of providing a Colors & Materials board.

4. Preliminary Title Report

A title report not more than six months old for staff to verify any easements on the property.

5. Statement of Findings

Describe on a separate sheet how the project meets each of the Design Review standards listed below.

6. Arborist Report (if applicable)

A written recommendation from a certified arborist that discusses the species, size, location, and health of any protected tree(s) at risk of being damaged or proposed for removal as part of this project.

7. Story Poles (if applicable)

A [Story Pole Plan](#) shall be submitted with the plan set. Story poles must be installed to deem the applicable complete. Story poles are required for all new single-family residences. Addition projects may require story poles at the discretion of the project planner.

8. Landscape Water Efficiency Checklist (if applicable)

The [Landscape Water Efficiency Checklist](#) must be submitted with your application if the project meets any of the following criteria:

1. New construction projects with a landscape area greater than 500 square-feet,
2. Rehabilitated landscape projects with a landscape area greater than 2,500 square-feet,
3. Existing landscapes installed prior to December 2015, that are greater than 1 acre in size, or
4. Cemeteries.

9. Soils Report (if applicable)

Soils/geotechnical reports must be submitted for all new structures. Other projects may require a report as well. A peer review of the report will be required. When new structures or additions are proposed in the vicinity of a creek bank, the report must also address the stability of the creek bank.

10. Project Site Identification Sign (if applicable)

Vacant sites must be marked with an address identification sign. If your project site does not have an address, you must apply for an address assignment with the Moraga-Orinda Fire District.

DESIGN REVIEW STANDARDS ([§17.30.5](#))

To approve a project or to approve it with conditions, the decision-maker shall make findings to support each of the following standards:

1. Siting and Neighborhood Context. The proposed development is designed and located on the site so that it is visually harmonious with, but not necessarily identical to, other structures in the neighborhood. The proposed development is designed to blend into the existing landscape and natural context, protect undeveloped ridgelines and hillsides, maintain the dominance of wooded and open ridges and hillsides, and preserve significant or unique scenic vistas.

2. Design. The design elements are visually harmonious, in scale with the size of the structure, and balance environmental considerations. If the proposed development is an addition or remodel of an existing structure, the existing construction and proposed construction are visually harmonious. Facades and exterior walls shall be designed to reduce the blocky or massive features of building surfaces and provide articulation.
3. Privacy, Views, Light and Air. The proposed development does not impair the existing views, block access to light and air or infringe on the privacy of neighbors in a substantial fashion. In considering this factor, decisionmakers shall balance the importance of minimizing impacts on neighboring properties and the applicant's ability to develop the property. The term "view" shall be defined in [Section 17.22.4.](#)
4. Landscaping. Primary landscaping elements complement and are appropriate for the structure, the site, and the neighborhood.
