Request for Fireworks Display
Indoor Displays

For Indoor displays, in addition to the information provided on page 1 & 2, include a written plan for how you intend to use the pyrotechnics as required by the New York State Penal Law 405.10. That plan shall be submitted at least five (5) days prior to the performance and include:

- 1. In addition to the State Licenses and Certificates already included in this application, proof of Federal ATF Licenses if required,**
- 2. Proof of experience of the pyrotechnician in charge,**
- 3. Proof of experience with the types of devices being used and a description of duties of any authorized assistants,**
- 4. Point of assembly of the pyrotechnic devices,**
- 5. Manner and place of storage of the pyrotechnic materials and devices,**
- 6. Material Safety Data Sheets (MSDS) for the pyrotechnic materials to be used,**
- 7. Certification that set, scenery, and rigging materials are inherently flame-retardant or have been treated to achieve flame retardancy,**
- 8. Certification that all materials worn by performers in the fallout area during the use of pyrotechnic effects are inherently flame-retardant or have been treated to achieve flame retardancy,**
- 9. For indoor displays attach a diagram of the area where the display will take place, showing location where the fireworks will be discharged from, the location of, and distance to the audience, the location of sprinklers and the fallout radius for each pyrotechnic device used,**
- 10. A copy of the approved permit and plan shall be kept on site and available for review,**
- 11. Any significant changes to the plan shall be approved prior to the performance.**
