

Heritage Tree Permit Application

*Heritage trees are considered protected, and any change or treatment made to this tree – outside of natural occurrences or acts of God – must be permitted. This application is for the modification, removal, treatment, or inspection of an already designated heritage tree. This is not a designation application. The designation application can be found on our website under ‘Heritage Tree Designation Application’.

All applications must be submitted with a completed master application checklist and all materials listed in the appropriate checklist. This application will need to be submitted to planning@libertyhilltx.gov for review by the Director of Planning, or their designee. Upon receipt of a completed application, the tree shall be inspected, and the request shall be approved or denied within ten (10) business days. The applicant will receive notice of approval/denial via written notice.

Address of the tree(s): _____ # of tree(s): _____

Submitted Application (check all that apply)

- | | |
|---|--|
| ☐ Health Inspection | ☐ Pruning |
| ☐ Chemical Treatment | ☐ Root Pruning |
| ☐ Removal | ☐ Other. Please Specify _____ |

Supplemental Attachments (if applicable)

Please list each supplemental attachment and briefly provide the reason it is applicable to your application: _____

Proposal

TREE INFORMATION: Use one page for each tree. Attach additional pages as needed.		
Tree #:	Species	Tree Trunk Diameter at 4.5'
