Code Text ECC 5.42.140 C.

Demolition – Rodent Baiting. All applicants for a demolition permit shall initiate a rodent baiting program on the project site at least 15 days prior to the start of demolition activity. The baiting program must continue at least until the project begins; however, no demolition work shall commence until all significant rodent activity has been abated even if it has been 15 or more days since the initiation of the rodent baiting program, unless approved by the building official upon recommendation of a licensed pest control agent contracted by the city. The rodent baiting program shall be approved by a licensed pest control agent and the use of any pesticides shall fully comply with WAC [16-228-1380](#).

I certify that I have read and understand the City of Ellensburg's Rodent Abatement Verification Affidavit requirements as listed above:
