

**CITY OF ROLLING MEADOWS
PLANNING AND ZONING COMMISSION
MAP AMENDMENT (REZONING) APPLICATION**

The City of Rolling Meadows Zoning Ordinance is a set of land use regulations that are intended as a tool for implementation of the City's Comprehensive Plan. The Comprehensive Plan is a policy document that creates a vision for the future of Rolling Meadows, particularly in regards to land use and development.

One way in which the Zoning Ordinance implements the vision of the Comprehensive Plan is by adoption of a Zoning Map that classifies all properties within specific land use districts. Those districts include a variety of residential, commercial, and manufacturing districts. Each district is intended to group complementary land uses together and to separate incompatible land uses.

From time to time it becomes desirable to amend the zoning map by changing the zoning of a particular property or group of properties. The method for changing the zoning district is a "map amendment" (also referred to as "rezoning").

An application for a map amendment is first considered by the City of Rolling Meadows Planning and Zoning Commission (PZC). The PZC is a body of seven volunteer residents appointed by the Mayor and City Council. The PZC holds public hearings and makes recommendations to the City Council for map amendments and other zoning applications. The PZC will evaluate your application based on the prescribed Standards for Map Amendments (attached). The burden of proof is on the Applicant to demonstrate that the rezoning meets those standards. The PZC will make a recommendation to the City Council to approve or deny the rezoning. The PZC may also continue a hearing to a subsequent meeting date if additional information is needed or if other circumstances necessitate a continuance.

The following is a description of the map amendment process. Also attached is a checklist of documents that must be provided with the application and a list of required fees.

Process Overview:

The City Council's decision to rezone or not rezone a property is final and binding.

Detailed Timeline:

• >30 days before PZC Public Hearing	○ Applicant submits application and all accompanying documents and fees. A public hearing will not be scheduled until all required documents and fees are provided.
• 30-15 days before Public Hearing	○ The City provides the following notifications: ○ A legal notice is published in a local newspaper. ○ Public notice letters are sent to property owners within 300 feet of subject lot. ○ A public hearing sign is posted on the property.
• Friday before Public Hearing	○ The agenda, staff report, and application materials are published on the City's web site on the Friday before the hearing.
• Day of Public Hearing	PZC meets at 7:00 p.m. at the City Hall. Staff will provide an overview of the request. The Applicant will give a brief presentation and members of the public will be invited to comment. All testimony is required to be under oath. The PZC will then discuss the application's merits. You must participate in this meeting. If you or your representative do not appear, your application may be continued or denied The PZC may recommend that the City Council approve or deny the Text Amendment. The PZC may also continue the hearing to a subsequent meeting date if they require more information from the Applicant or a third party.
• 1 Week after PZC Hearing	○ City Council performs first reading; there is discussion, but no final action.
• 3 Weeks after PZC Hearing	○ City Council performs second reading and votes.

Upon conclusion of the public hearing and review process, the applicant may proceed with applications for building permits, business license and any other administrative approvals that may be needed. Please consult with staff regarding any such additional approvals.

Fees and Escrow:

	Application Fee	Cash Advance*
Map Amendment	\$1000.00	\$1,500.00

The **total** of the Application Fee, Publication Fee, and Cash Advance, **paid as a single payment to the “City of Rolling Meadows”** must be provided with the initial application. The Application and Publication fees are non-refundable, whether the application is approved or denied. PLANNING AND ZONING COMMISSION
MAP AMENDMENT STANDARDS**

Chapter 122, Article VI, Section 122-394(4) of The City of Rolling Meadows Zoning Ordinance specifies the standards for approval for a map amendment. The Planning and Zoning Commission will base its recommendation on whether the Applicant has shown that the map amendment meets each standard. Please provide a statement as to how your application satisfies each standard. You may respond to the questions below or attach a separate typed response.

Standard 1. *Potential impact. The amendment shall not adversely impact existing land uses in proximity to a subject property. The amendment should not unreasonably affect the value, use and enjoyment of nearby properties.*

Standard 2. *Trend of development/consistency. Map amendments should be a logical extension of the trend of development in the area around the subject property, or consistent with the approved comprehensive plan.*

Standard 3. Externalities: Relevant physical or market conditions that may have changed to make the existing zoning of a property inappropriate that make the proposed map amendment necessary to be in keeping with the desirable development of the city shall be specified.

Standard 4. City plans: Amendments should be consistent with the City's Comprehensive Plan, Official Map, and all other plans and policies adopted by the city.

Standard 5. Zoning appropriateness: The extent to which use of the subject property is diminished by the current zoning designation and is no longer suitable for the underlying zoning shall be specified.
