Step 1. Application and Fees

The application asks for information concerning the applicant, property owner, and property to be annexed. This information is required to process the annexation application. Incomplete applications will not be scheduled for a Council decision until all required materials have been submitted. Submittal requirements are listed in EC 9.7810. **Note:** 2 paper copies and one digital copy of all materials needs to be submitted. The City may require additional copies if deemed necessary.

A filing fee must accompany all applications. The fee for annexations is \$5155.70.

Step 2. Consent to Annexation, Certification of Electors, Verification (Certification) of Property Owners & Petition for Annexation

Consent to annex is necessary to initiate the annexation proceeding. The consent to annexation must be by all property owners and, if applicable, not less than 50% of the electors residing on the land proposed for annexation. Signatures shall be notarized by a Notary Public. *See EC 9.7810(3) & 9.7810(4) for alternative methods of consent.*

The signed petition for annexation (see below) shall be submitted to the Assessment & Taxation office for review and will be returned to the applicant along with the Verification of Property Owners.

The Petition for Annexation form may be obtained from the City of Eugene Planning Department or from the Lane County Elections office (275 W 10th Ave., 682-4234). The petition must be taken to the County Elections office to be signed by a County Elections Filing Officer for Certification of Electors as required by EC 9.7810(6).

Step 3. Summary of Urban Service Provision

The completed summary will give staff knowledge of the area proposed to be annexed. If you need assistance filling out this form, please contact your service provider(s) or come to the City's Permit and Information Center between 9 a.m. and 5 p.m. (99 West 10th Avenue).

Step 8. Staff Recommendation

The planning director shall forward to the city council a written recommendation based on the approval criteria in EC 9.7825 that the application be approved, modified and approved, or denied. Frequently Asked Questions: Annexations in Eugene

What is annexation?

Annexation (sometimes also called “incorporation”) is the legal process by which properties become part of a city. After annexation, a property will be inside the city limits and is no longer under county jurisdiction. In the City of Eugene, annexations must be approved by the Eugene City Council.

Why do properties annex to the City?

Typically, annexations to the City of Eugene are initiated by the property owner to obtain a service or right that the City provides. The comprehensive plan for Eugene, the *Eugene-Springfield Metropolitan Area General Plan* (or “Metro Plan”), says that Eugene will be the ultimate provider for urban services for all areas inside Eugene’s Urban Growth Boundary (UGB). If a property owner wants to divide or develop a property, or wants to have new City services, the property must be first annexed to the City. Typical services requested include sanitary sewer, EWEB water, city police or fire protection, library services, and the ability to vote in city elections.

Who approves annexations?

The Eugene City Council must approve all annexations in Eugene. Applications will be submitted and fees will be paid to the City of Eugene’s Planning Department.

Who can Annex to the City?

Land proposed to be annexed must be within the city’s UGB and contiguous to the city limits or separated from the city only by public right of way or a stream, bay, lake or other body of water.

Will my taxes go up if I annex to the City?

Yes. City taxes are higher than the taxes in unincorporated areas, but the level of services is higher, too. To find out how your particular taxes may change, you should contact the Lane County Office of Assessment and Taxation (541-682-4321).

Why does the City look for logical and appropriate street segments to annex?

Since the Metro Plan indicates that all lands inside Eugene’s UGB will some day be part of the city, it makes sense to have city streets provide access and utilities to properties within the city limits. Having streets within the city limits allows the city greater control over water and sewer line extension and repair, storm drainage, traffic speed control, and traffic enforcement. The City also provides a higher level of emergency services from the police and fire departments to incidents occurring in the road rights-of-way. As urban development continues and properties are annexed, there is more opportunity and a greater public need for assuring connectivity and access, rather than isolated and incremental efforts to acquire road rights-of-way as in the past.

Will the City charge properties along a street for improvements if the street is annexed?

No, not as a result of annexation. The City usually initiates the type of street improvements that result in assessments of adjacent properties only if the owners of property representing more than 50 percent of

the improvement costs request the improvements. Assessments are only approved by the City Council after the public has had a chance to testify at a public hearing.

What is an island of unincorporated property?

One or more properties not annexed to the City, or “unincorporated,” that are completely surrounded by properties that are annexed (or “incorporated”) in the city limits.

If my property becomes an island of unincorporated property, does something change?

Yes. Under state law, the City could initiate annexation of properties in an unincorporated island without the provision of remonstrance (or vote) by the residents living in the island. In other words, the City could, at some time in the future, ask the City Council to approve the annexation of the island of unincorporated property. The City Council may adopt a resolution approving the annexation or vote to defer action until after it holds a public hearing on the proposed annexation.

Does that happen often?

No, the City has policies that favor voluntary annexations by the property owners. The City of Eugene has not initiated an annexation of an unincorporated island in many years.

Where can I get more information about annexations?

There are several sources for information, as listed below:

Annexation Policies of the Eugene-Springfield Metropolitan Area General Plan

The Eugene-Springfield Metropolitan Area General Plan (“Metro Plan”) is the comprehensive planning document for the City of Eugene. Most annexation actions are directed by the policies found in the Growth Management Chapter, which have been collected below. A successful annexation application must explain how the annexation is consistent with one or more of these policies, and does not conflict with any of these policies.

This list of policies was collected to cover most typical annexation requests. There are additional policies in the Metro Plan. The applicant is responsible for reviewing the Metro Plan for additional policies that may pertain to the applicant’s property.

Policies:

8. Land within the UGB may be converted from urbanizable to urban only through annexation to a city when it is found that:
 - a. A minimum level of key urban facilities and services can be provided to the area in an orderly and efficient manner.
 - b. There will be a logical area and time within which to deliver urban services and facilities. Conversion of urbanizable land to urban shall also be consistent with the *Metro Plan*.
10. Annexation to a city through normal processes shall continue to be the highest priority.
15. Ultimately, land within the UGB shall be annexed to a city and provided with the required minimum level of urban facilities and services. While the time frame for annexation may vary, annexation should occur as land transitions from urbanizable to urban.
17. As annexations to cities occur over time, existing special service districts within the UGB shall be dissolved. The cities should consider developing intergovernmental agreements, which address transition issues raised by annexation, with affected special service districts.
19. Annexation of territory to existing service districts within the UGB shall occur only when the following criteria are met:
 - a. Immediate annexation to a city is not possible because the required minimum level of key urban facilities and services cannot be provided in a timely manner (within five years, as outlined in an adopted capital improvements program);

- b. Except for areas that have no fire protection, affected property owners have signed consent to annex agreements with the applicable city consistent with Oregon annexation law.

Such annexations shall be considered as interim service delivery solutions until ultimate annexation to a city occurs.

20. When unincorporated territory within the UGB is provided with any new urban service, that service shall be provided by the following method (in priority order).
- a. Annexation to a city;
 - b. Contractual annexation agreements with a city;
 - c. Annexation to an existing district (under conditions described previously in Policy #19); or
 - d. Creation of a new service district (under conditions described previously in Policy #14).

Annexation Exhibit Maps

An exhibit map must be prepared based upon the annexation legal description is required as part of the annexation application. A licensed land surveyor must prepare, stamp, and sign the exhibit map.

The following items must be shown on the exhibit map:

1. Add a title at the top of the exhibit to include owner's name(s), 1/4 section, section, township and range, Eugene, Lane County, Oregon.
2. The commencement point of the annexation legal description must be clearly labeled.
3. If the commencement point is not the point of beginning, you need to either graphically show or note the bearings and distances from the commencement point to the point of beginning.
4. Label the point of beginning of the annexation parcel.
5. Bearings and distances for each course of the area to be annexed must be labeled.
6. Label all subdivisions with their name, lot, and block numbers.
7. Label the tax lot number to the parcel being annexed and the adjoining properties.
8. Label all adjoining streets.
9. Hatch or shade the parcel to be annexed.
10. Hatch or shade the City Limits at the time of the annexation application.
11. If needed include a legend.
12. Show a north arrow and bar scale.
13. Add a vicinity map with the location of the lands to be annexed clearly shown.
14. Add tax map and tax lot information.

Annexation Legal Descriptions

A metes and bounds legal description of the entire area proposed for annexation is required as part of an annexation application. A licensed land surveyor must prepare the description and certify the description correctly represents the affected territory. The survey must show the township, range, section number and the point-of-beginning, and have bearings and distances that match the description.

Keep the following in mind when preparing boundary change legal descriptions:

- The point-of-beginning of the legal description must be clear. The point-of-beginning is best described by bearing and distance from a section corner, a donation land claim (DLC) corner, or another well monumented corner.
- Bearings and distances must be given for each course around the boundary description.
- Most deed references are inadequate as point-of-beginning or point-of-call for a boundary change description. If a deed reference is used as a point-of-call, include a copy of the deed. However, a description that consists solely of the landowner's deed or deeds is seldom adequate.
- Tax lot numbers cannot be used for the legal description.
- If the area is large, the use of township, range and section numbers, and quarter-quarter sections is acceptable as a legal description.
- If a point-of-call is to a highway or county road, the description must state to which edge or to the centerline.
- If a point-of-call is to a river or stream, the description must state whether it is on the mean high water, mean low water, thread, ordinary high water, or ordinary low water line. The bearing requirement can be dismissed along rivers and streams.

The legislative findings attached hereto as Exhibit A are adopted in support of this Ordinance.

Section 9. The City Recorder, at the request of, or with the concurrence of the City Attorney, may correct any reference errors contained herein, or in other provisions of the Eugene Code, 1971, to the provisions added, amended, or repealed herein.

Section 10. The State Legislature has abolished the Lane County Local Government Boundary Commission, effective January 1, 2008. The City's ability to accept and process annexation applications serves an important public purpose, and it is therefore necessary that the provisions contained in this Ordinance establishing procedures for the City to effect annexations and withdrawals of territory from public service districts become effective on January 1, 2008, which is less than 30 days from its date of adoption.

Section 11. Pursuant to the provisions of Section 32(2) of the Eugene Charter of 2002, with the affirmative vote of two-thirds of the members of the City Council, this Ordinance shall become effective on January 1, 2008.
