Certification by Property Owner or Property Owner's Agent

By signing below, I certify that:

- I am an owner of the property (real estate) where the excavation work is to be performed or I am authorized to act as agent of the property owner(s) for the purpose of executing this excavation certification and obtaining a building permit for excavation work.
- The requirement to notify owners of adjacent properties (summarized below) has been complied with as of:

★ Date notice(s) mailed or personally delivered

★ Earliest date excavation work may begin (30 days after notice date)

- A copy of the notice and proof of mailing and/or affidavits of personal delivery are attached to this form.

Instructions

This form must be completed and signed by both the property owner (or agent) and an Illinois-licensed architect or structural engineer and filed with the building permit or demolition permit application.

This form is required when the permit includes work occurring either:

- More than 5 feet vertically below existing grade and within 10 feet horizontally of an existing building or structure.
- More than 5 feet vertically below existing grade and within 10 feet horizontally of the public way (including sidewalks, streets, and alleys).
- More than 10 feet vertically below existing grade at any location.

This form is also required when work includes demolition of a foundation or similar below-grade structure, regardless of depth.

Fields and sections marked with a red star (★) are required.

Excavation work must be performed or overseen by a general contractor with a Class A, B, C or D license.

Digital, electronic, and facsimile signatures and seals are acceptable. If this form is submitted to the City of Chicago by a person other than the signer, that person must keep records establishing the authenticity of all electronic and facsimile signatures and seals and make those records available to the City of Chicago upon request.

Notice Requirement

Before submitting this form, the property owner must provide written notice to the owners of adjacent properties of the anticipated starting date and three-dimensional measurements of the proposed excavation work and other below-grade work. The notice must be delivered by certified mail, return receipt requested, or by personal delivery. Where the notice is provided by personal delivery, the person making the delivery must prepare an affidavit stating the date, time, and location of the delivery and an explanation of how the notice was delivered. The proof of mailing or affidavit of personal delivery and a copy of the notice(s) must be submitted with this form and kept at the job site.

For purposes of this requirement, applicants may rely on the tax bill records of the Cook County Treasurer (<http://www.cookcountypropertyinfo.com/>) to determine the identity and address of adjacent property owners for taxed properties. Notice must also be sent to owners of tax-exempt properties and significant structures in the adjacent public way, such as elevated rail structures.
