BUSINESS LICENSE APPLICATION / ZONING REVIEW FORM

\$50.00 license fee

This application must be approved and a license must be issued before you may lawfully engage in business in the City of Apache Junction.

A separate license is necessary for each business location and each type of business. See [City of Apache Junction City Code, Volume I, Chapter 8: Business, Article 8-2: Specific Licensing and Registration Provisions, § 8-2-3 General Rules](#) for specific information.

There is no city application or fee for single family residential rentals.

Complete this application and return with the \$50.00 fee per business activity to the City Clerk's Office for review and approval. Business licenses are to be renewed annually.

SIGNATURE & ACKNOWLEDGEMENT

I certify that the statements made in this application are true and complete to the best of my knowledge. I accept the license authorized and issued in response to this application with the condition that I will meet any and all legal requirements applicable to the operation of this business as found in federal, state and local laws and ordinances.

All businesses located in the city must comply with all ordinances/regulations and requirements affecting public peace, health and safety. The city of Apache Junction has adopted building codes and a zoning ordinance which regulate construction standards within the city limits. The 2018 IBC, as adopted, requires that if a change of occupancy classification as it relates to the uniform building code is intended, a permit and a certificate of occupancy must be obtained from the building division. Should you intend to do any work in the building, such as any remodeling or work creating a change in the floor plan or any work requiring a construction permit, including the erection of signs or site improvements, permits are required. As the business license holder, it is your responsibility to determine these requirements and comply with them. If you have any questions regarding permitting requirements, please contact the Building Division at (480) 474-5156. The granting of zoning clearance shall not be construed to be approval of any violation of the provisions of any applicable city codes. I understand that the approval of this certificate does not relieve me from complying with the provisions of any applicable city code.
