## Inspection of Work Under Construction:

It shall be the duty of the Trustee, to inspect all buildings in the course of construction, erection, or alteration, within the limits of the Village of Southern View, to see that said building or buildings are being constructed, erected, or altered in accordance with the provisions of the various sections of the Building Code and in accordance with plans and specifications that have been submitted to the Village Board.

The owner or his authorized agent shall notify the Trustee, whenever any building is ready for inspection, and such inspection shall be made within forty eight (48) hours after such notification.

All work must conform strictly to the provisions of the various sections of the Building Code. The State of Illinois Plumbing Laws governs plumbing regulations. All electric wiring and apparatus shall meet standards as set forth by the National Electric Code – Standard of the National Board of Fire Underwriters.

Permits are valid for twelve months after being issued. If work is not completed in that time period, a new permit must be obtained.

The issuance of a permit shall not be considered an approval by the Trustee of the plans and specifications. Any permit issued may be revoked without notice on any breach of representations or conditions.
