Note to Applicant: All fields above must be completed before permit can be reviewed. Requests are all made to the Building Official at City Hall. In the event Lake Committee involvement is needed, a meeting will be held and applicant will be asked to attend said meeting.

Residential Applicant: Submit a complete set of construction drawings.

Applicant: Use reverse side of this form to show all boundaries, existing buildings and other structures and water edge if applicable. Mark new structure or work that is requested and all dimensions from water edge, structures, and property lines. If we cannot understand your drawing rendition, your permit will be delayed. Missing information will also delay action of your request.
