

Chapter 26. Building Construction

Article II. Enforcement

§ 26-2. Building permit required; applications.

- A. No person, firm, corporation, association or other organization shall commence the erection, construction, enlargement, alteration, improvement, removal or demolition of any building or structure nor install heating equipment without having applied for and obtained a permit from the Code Enforcement Officer. However, no permit shall be required for the performance of necessary repairs which are not of a structural nature and which are done in conformance with the Uniform Code.
- B. Applications.
- (1) Applications for a building permit may be obtained from the Town of Colden. A completed application shall be delivered to the Building Inspector and must include:
- (a) The signature of the applicant or authorized agent.
 - (b) A description of the site on which the proposed work is to be done.
 - (c) A statement of the use or occupancy of all parts of the land and of the proposed building or structure.
 - (d) A brief description of the proposed work.
 - (e) The estimated cost of the proposed work with appropriate substantiation.
 - (f) The full name and address of the owner and the applicant and, if either be a corporation, the names and addresses of responsible officers.
 - (g) Determined number of sets of plans and specifications for the proposed work.
 - (h) The fee specified in this chapter.
 - (i) A statement granting the applicants permission for the Code Enforcement Officer to enter the property and structure thereon as frequently as he deems necessary to inspect the same for the compliance with the Uniform Code.
- (2) The applicant may request that the requirement of plans and specifications be waived where the work to be done involves minor alterations or are otherwise unnecessary.
- C. The applicant shall notify the Code Enforcement Officer of any changes in the information contained in the application during the period for which the permit is in effect. A permit will be issued when the application has been determined to be complete and when the proposed work is determined to conform to the requirements of the Uniform Code. The authority conferred by such permit may be limited by conditions, if any, contained therein.
- D. A building permit issued pursuant to this chapter shall be prominently displayed on the property or premises to which it pertains.
- E. A building permit issued pursuant to this chapter may be suspended or revoked if it is determined that the work to which it pertains is not proceeding in conformance with the Uniform Code or with any condition attached to such permit or if there has been a misrepresentation or falsification of a material fact in connection with the application for the permit.
- F. A building permit issued pursuant to this chapter shall expire two years from the date of issuance or upon the issuance of a certificate of occupancy (other than a temporary certificate of occupancy), whichever occurs first. The permit may, upon written request, be renewed once for a successive one-year period, provided that:
[Amended 10-4-1990 by L.L. No. 4-1990]
- (1) The permit has not been revoked or suspended at the time the application for renewal is made.
 - (2) The relevant information in the application is up-to-date.
 - (3) The renewal fee is paid.
