Accessory Structures (Chapter 154: Part C, Article 5, DS-15)

A. No accessory structure shall be located in front of the Front Building Line of the main building on a parcel.

B. On corner lots, Accessory Structures shall conform to the side-setback requirements for street-side property lines.

\_\_\_\_\_ I agree to adhere to the design standards for accessory buildings/structures  
Initial here

### Additional Information/Comments:

---

---

---

---

Please complete a site plan of the proposed location of the buildings/structures on the property in question. Please include all existing and proposed buildings/structures along with their existing and proposed setbacks. Sketches and site plans are not currently required for residential properties. However, providing one will greatly assist staff in evaluating each permit application.
