SUBDIVISION (Map Revision)

This information is provided as a guide to assist you in the preparation of the application for a **Subdivision Map Revision**. It is also intended to explain the process by which the City analyzes and acts upon the application.

Application Submittal

An application for a Subdivision Map Revision shall be filed by the applicant or property owner on forms prescribed for this purpose. The application shall be submitted to the Planning Department, 1 Plaza (P.O. Box 667), Patterson, CA 95363.

Processing the Application

The processing time for a completed Subdivision Map Revision varies depending on the complexity of the application, environmental documentation required and public notice requirements. A hearing before the Planning Commission will be scheduled and open to the public. It is recommended that the applicant or their agent attend the hearing to speak on behalf of the applicant and to answer questions the Planning Commission may have.

Note: If the application is not complete within thirty (30) days of receipt the City of Patterson Community Development Department will deem the application incomplete, request additional information or return the application fee(s) to the applicant.

Decisions

After the City Council has rendered a decision, you will receive written communication of this determination, and if approved, any conditions of approval. If not utilized or acted upon, Planned Development permit will expire two (2) years from the date of the determination. Extensions and modifications to the Planned Development permit are subject to specific qualifications as stated by Patterson Municipal Code 18.14.090.

Environmental Information Form

This information is provided as a guide to assist you in the preparation of the **Environmental Information Form**. It is also intended to explain the process by which the City analyzes and acts upon the form.

The State of California requires that most development projects submitted to the City of Patterson undergo some level of review under the California Environmental Quality Act (CEQA). CEQA is a state law that requires an analysis and public report on the potential environmental effects of any project that is conducted or approved by the City. The Environmental Information Form is used to determine whether a project needs to be reviewed under the CEQA regulations. The City of Patterson is responsible for reviewing the project to determine whether it is exempt from CEQA review.

If CEQA review is required, three types of reports are typically prepared for projects: 1) CEQA Exemption, 2) a Negative Declaration, or 3) an Environmental Impact Report. The majority of projects are either Exempt or Negative Declarations. Planning Staff will let you know what type of documentation is required based upon the type of project that is being proposed, the characteristics of the property, and other factors that are spelled out in State CEQA regulations.

Application Submittal

The Environmental Information Form shall be filed by the property owner or their representative agent on forms prescribed for this purpose. The application shall be submitted to the Planning Department, 1 Plaza (P.O. Box 667), Patterson, CA 95363.

Additional information may be required by the Planning Director during the review of the application.
