Please see Section §250-35 *Sign Regulations* of the Code of the Village of Hamburg for the specific requirements of the sign permit process. Please review and include with your *Application for Certificate of Compliance for Building Design Standards*.

A. Permit requirement and fees. **Unless otherwise provided for, it shall be unlawful to construct, erect, alter or relocate any sign without first obtaining a permit from the Code Enforcement Official.** No permit is required for the general repair or maintenance of any permitted sign, unless the graphics or message is altered in any way.

B. Plans. **Plans, elevation, digitally produced photographs, graphics, etc., which accurately depict the proposed sign shall be required as part of the sign design application.**

(1) Permanent sign requirements. **Applications for sign permits shall be accompanied by a scale drawing or digitally produced plan or design document(s) showing the following:**

- (a) _____ The dimensions of the sign and, where applicable, the dimension of the wall surface of the building to which it is to be attached.
- (b) _____ The dimension of the sign supporting numbers and the maximum and minimum height of the sign.
