For any subcontractors not identified at this time I agree to provide them on a supplemental form to the city prior to commencement of their work on the subject project. I understand that all subcontractors are required to be licensed by the State of California in the appropriate category, obtain a valid city business permit, have required insurance, and have a federal tax identification number. I further understand that failure to maintain current information with the city in this regard shall result in interruption of periodic inspections and/or final approval.
