City of Sierra Madre Public Works

STATEMENT TO BE SIGNED BY OWNER PRIOR TO ISSUACE OF SWIMMING POOL PERMIT

Water drained from swimming pools must not encroach on abutting property. The following are legal methods of swimming pool waste water disposal:

1. To a sanitary sewer through a three (3) inches P-trap legally installed under permit from the Building and Safety Division of the Department of Public Works. This applies only to property which is connected to public sewer. Swimming pool waste water shall not discharge to a private sewage disposal system.

2. On the property if the property is large enough to insure that runoff will no encroach on abutting property or by the use of a dry-well.

3. Remove of pool contents by tank truck or pumping service.

4. To a storm drain system provided the following requirements are met:

    1) A permit to discharge to the street shall be obtain from the Public Works Department.
    2) Pool water shall be property dechlorinated before it can be discharged into a storm drain system. An acceptable method to dechlorinate pool water is to allow it to stand with no additional chlorine added for five days.
    3) No swimming pool filter backwash shall be discharged to the street or storm drain.

This is certify that I have read and understand the forgoing and agree to pass this information sheet on to the next subsequent owner.
