

City of Sherman Development Services

Building Permit Plan Revisions Form

This form is intended solely for revisions to Commercial or Residential Building Permits.

Complete the entire form and upload it to your permit through the online portal, along with the revised plans. All revisions must be clearly clouded to indicate the changes made.

After uploading, email building@cityofsherman.com .

Monitor your submittal for status changes to the permit, or status changes to the files.

Date : ____/____/____

Project Address: _____ Permit #: _____

Contractor name: _____

Contractor Phone number: _____ Contractor email: _____

Page number(s) or plan sheet name(s) where revisions will be made:

Applicable code(s) being followed: _____

Detailed description of revision and applicable drawings:

** Revisions typically require approximately 15 business days for review. During this time, the permit status will change from “Schedule Inspections” to “In Review”. Inspections cannot proceed until the revisions have been approved. **
