SPECIAL CONDITIONS			
CONDITIONAL APPROVAL COMMENTS: - Construction shall comply with requirements set forth under Section 98-159 of the City of League City's Code of Ordinances. Prior to the beginning construction work related to this permit, a 3 foot by 3 foot information sign stating the identity and telephone number of the person doing the work and the permittee's identity and telephone number, shall be placed at the location where construction is to occur. Such signs shall continue to be posted on a public right of way 100 feet before the construction location and at each end of the construction location. - Within 90 days of completion of construction, applicant shall provide the City with "plans of record" in PDF format. - Contractor shall contact Texas One Call 811 a minimum of 48 hours prior to beginning construction. - All work within/adjacent to the Right-of-Way will require an Engineered Traffic Control Plan with Engineer Seal and Signature. - All construction within the rights of way shall be performed in a manner intended to minimize interference with the use of the right of way and private property and in accordance with any lawful direction given by the City under the police and regulatory powers of the City. - No private property access without owner's permission. - Note a Tree Disposition Permit maybe required for work within City ROW. Refer to City's Unified Development Code Section 125-7 to confirm if this additional permit is needed.
