SEWER SERVICE APPLICATION

Request for a sewer connection must meet Union Gap Municipal Code Chapter 12.08.010, which states in part, that the owner of each lot or parcel to be serviced shall:

Make application for a permit to connect to the sewer system and at the time of making the application pay for a Sewer Connection and Inspection, and thereupon cause a connection to be made between the sewerage system and each such building of structure.

Sewer Connection Requirements & Fees:

I have been given and/or offered a *Sewer Connection Requirements* hand-out: Yes No

This *Sewer Connection / Inspection Application* does not constitute a physical connection to the City's sewer until signed and dated by the City's Inspector. The inspection, required by the City, is for the benefit of the City **only** and does not create any special relationship or duty between the City and any other person to locate or discover defects.
