## Certification of House-Pool Protection Device Installation

This document provides for the homeowner to certify that one (1) of the following protection devices has been installed at a particular address. I certify that on (1) of the following protection devices are installed between all doors leading from the house and garage into the pool area (check one).

\_\_\_\_1. All doors leading into the pool area are equipped with an alarm. The alarm sounds contiguous for at least 30 seconds – or until the alarm is manually reset (if the door closes within the 30 second period, the alarm continues to sound until the completion of the 30 seconds or until the alarm is manually reset). The alarm is capable of being heard throughout the house during normal household activities. The alarm automatically resets under all conditions.

\_\_\_\_2. All doors leading from the house into the pool area are equipped with self-closing and self-latching devices. The latch must be at least 54 inches above the floor.

## Notary

I, \_\_\_\_\_, being duly sworn doth depose and attest that the information contained herein is true and accurate to the best of my knowledge and belief.
