

BOROUGH OF WALLINGTON

ROAD OPENING / STREET OPENING PERMIT APPLICATION

Important Notice

The Department of Public Works and the Borough Construction / Inspections Office must be notified at least 24 hours in advance of opening any road.

Roads may NOT be opened on Fridays unless specifically approved by the Borough.

The Wallington Police Department must be notified 48 hours prior to any road opening so traffic and safety requirements may be reviewed.

Department of Public Works	Phone: <u>973- 777-0318 Ext. 501</u>
Construction / Inspections Office	Phone: <u>973- 777-0318 Ext. 210</u>
Police Department	Phone: <u>(973) 473-1715</u>
Borough Office Use	Permit No.: _____

Restoration and Backfill Requirements

- Roadway excavations shall be backfilled with all new material consisting of dense graded aggregate (DGA), borrow excavation as defined by the current New Jersey Department of Transportation Standard Specifications for Road and Bridge Construction, bank run sand, stone dust, or other material approved by the Borough Engineer.
- Recycled concrete aggregate (RCA) may be used as backfill only if approved and inspected to confirm proper consistency and sufficient fines/dust for compaction.
- Backfilling shall be completed in accordance with current NJDOT Standard Specifications for Road and Bridge Construction and shall be compacted in 6-inch lifts.
- Pavement restoration shall consist of 5 to 6 inches of bituminous concrete stabilized base pavement mix and 1 to 2 inches of bituminous concrete surface pavement mix, unless otherwise directed by the Borough Engineer.
- Prior to installation of pavement, the excavation shall be saw cut to provide neat lines and a proper butt joint. The surface pavement shall be profiled so the restoration meets the existing roadway pavement at the excavation limits.
- When stabilized base pavement is installed, it shall be given sufficient opportunity to settle before the surface pavement is installed, unless otherwise approved by the Borough Engineer.
- When surface pavement is installed, both the stabilized base pavement and the excavation limits, including profiled areas, shall receive tack coat.

BOROUGH OF WALLINGTON - ROAD OPENING PERMIT APPLICATION
