FOUNDATION CERTIFICATE**

As indicated by my signature and seal as a licensed professional engineer, I hereby state that I have been to the site at:

Address

Subdivision Name

Lot #

Block #

Portland, Texas and performed inspections as outlined in the 2015/2021 International Residential Code as adopted and amended by the City of Portland or have had said inspections performed under my direct supervision. I also state that the foundation and foundation site were prepared and completed following the design construction documents previously submitted to the City of Portland to obtain a building permit. These inspections were made with reasonable care and diligence and following generally accepted engineering practices. My company has been contracted to perform necessary inspections and provide documentation to the Texas Department of Insurance to obtain a WPI-8 Certificate of Compliance for the new house construction at the above address. I also acknowledge that:

- a) Such services are made in support of an approved application with the City for a Certificate of Occupancy;
- b) That issuance of a Certificate of Occupancy is conditioned, in part, upon the completion and submittal of this sealed certificate.
